Dear Principals,

I have perused your explanation received with regard to the BELOW 100% performance in II Pre-board examination for Class XII. It reveals that you have yet to shift your active most attention to the academics and weaken the failure tendency. You know iron put into fire losses its rust, becomes clearly red hot and is finally transformed into what you want of it. This is exactly what happens in our ordinary way of life. It is the nature of the body to change. Moreover, we are all made in the image of God. The image is there, but we have to put in the work to reveal it. Whenever I hear someone say 'this is just the way I am', 'you have got to learn to live with it'. I always plead don't ever say that. The miracle of human existence is that we can change. Simply by virtue of being human we have the capacity to change ourselves completely. All of us carry a cleansing fire hidden inside. It may be banked with ashes, cold to the touch, but a spark of divine is there nonetheless, ready to leap into life. It is nothing less than love of God. Latent in every one of us, it wants only a little encouragement before it flares to vibrant life, burning up everything negative like failures. Once ignited and coaxed with fuel of performance it sheds light and warmth all around.

I would like to advise:

01. You may immediately take a meeting with your PGTs and others handling Class XII and give them consultation on how to achieve their targets. Devise means & methods for those few children who are still away from the pass percentage, which may include study camp, academic adoption, ICT intervention, learning & writing practice on model papers, sure shot questions, etc. and monitoring be done. And teachers be arranged for them unfailingly.
02. You as Principal occupy the centre place, not as one suffering more under the burden of ascribed omniscience. You are the head learner engaged in. You should, therefore, display and model the behaviour of students and teachers to perform 100% quality pass. Get really actively engaged in the academics, make your wisdom visible to youngsters and teachers alike.
03. 100% pass result KVs have made difference to the far more hopeful performance, positively responded to our ideas and endeavours. You may find out with them about what extra special they have done, and do the same at your end.

I hope your school will progress on the lines suggested and perform as good as other 15 KVs have performed, with staff position being worse in few cases. Also it will gain insight into itself and inspired to act under you as its leader. I value and respect your commitment loudly made for 100% quality pass result for the year. Once you achieve it in the final CBSE exam, you will not be able to measure all the good you have done to the society. It will trickle down and ripple on! And on! Please note the success of children builds your own self respect because people of success are most beloved and respected all around. Such persons are very precious!

I request you to share the DO with your teachers.

I request you to drop a line of action plan drawn up within 3 days.

With regards,

Yours sincerely,

(ISAMPAL)
