DEPUTY COMMISSIONER

F.DO/2014/KVS(BPL)

Dated: 03/09/2015

Dear Teachers,

Happy Teacher's Day! You know 05<sup>th</sup> of September is the birthday of Dr. S. Radhakrishnan, the great scholar, teacher and philosopher. I read his biography. He was an eminent teacher and made lives of hundreds of students. He held many responsible posts like Prof. of Philosophy in Mysore, Chairman of UGC, Ambassador to Russia, Vice President to India from 1952 to 1962 and President from 1962 to 1967. He was eloquent in his speech, rich in thought and steeped in Indian culture and erudition. He has many books on philosophy to his credit.

It is the day when the shishyas all over India remember the teachers and pay homage and respect to them. At the morning assembly or a special gathering they are garlanded, token of love and affection offered. Teachers offer much by their personal efforts. In their hands lie the foundation of character formation and personality build up. It is the teachers who inculcate in the students various kinds of skills, academic excellence included. It is the painstaking efforts in educating, guiding, advising, correcting and disciplining their students that they build up infrastructure that lasts. It is not just one teacher, but the team of teachers that give a kind of 'esprit d ecole', the shape and form the destiny of many.

**PRAYER**

As we bow our heads, God, in prayer, we thank our teachers, who do so much for us. The day in and day out they instruct us, nourish us and build our minds and hearts. Shower Your blessings on them and may they be with us for ever. May no child of Class X and XII under their care fail !

Congratulations !

Yours sincerely,

(Isampal)
