ISAMPAL  
DEPUTY COMMISSIONER

F.DO/2016-KVS(BPL)

Dated: 23/02/2016

Dear Principals,

The session ending examination is round the corner. Our children shall hopefully face it calmly and comfortably. We have spared no efforts towards preparing them throughout the year. In a bid to give enough exposure and practice, two full-fledged pre-board examinations have been conducted. Study material prepared by experienced teachers has been brought out and provided, apart from sample and model question papers provided for further augmentation. Additional academic inputs have also been provided by seasoned subject teachers of other Vidyalayas.

So far there has been a good level of reporting of academic performance of our students, but as past experience goes few Vidyalayas are still beset with under performance. I know you are busy. Tons to do. But take a minute right here and right now to see the face of the underperforming child who is still struggling under your care to pass the examination. Tell him how much you care and love him leveling up and passing the examination. You will never regret once he passes. Trust me.

It is the crucial time from the exam point of view. You, teachers and students cannot become complacent on this count. It is imperative that you and teachers have close interaction with students in a somewhat informal way, read inside their minds, guide and counsel them to remove academic weaknesses and establish bonhomie wherever possible, even during exam period when children have plenty of time for each paper. Students difficulties may be resolved and their genuine needs be met during that time. It will work to tone up and help maintain their confidence and morale high.

KVS shall draw real pleasure when you come out with strickingly wonderful 100% pass result as expected by Hon'ble Commissioner again during VC held on 19/02/2016.

Please inform me about action taken report within three days.

Wishing the very best of luck!

Yours sincerely,

(Isampal)
