ISAMPAL
DEPUTY COMMISSIONER
Dated: 26/08/2016

F.DO/2016/KVS(BPL)

Dear Principals,

It is always easier to carry on with the way things are rather than trying something new. But if you carry on doing what you have always done, you carry on getting what you have always got – and that is not at present enough for all our children, and indeed for ourself. We want more – only a little number of our children achieved the standard A1 grade. A significant percent achieved much less and about 5% achieved virtually nothing. Poor outcomes at schools have been perpetuated across for many years. They are passed on like precious heirlooms from year to year, with no one really expecting anything to be much different.

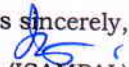

The current year being different, needs new concepts and ideas that can help us achieve better results, improved staff & students engagement and better parents' satisfaction.

01. MRAP & Error Analysis and Academic adoption, as is being stressed upon time and again, be sincerely done. Every subject teacher especially PGTs must do it in respect of their subjects followed by you as Principal to do it for the whole school; and mail it to us on or before 5th instant of every month. It is being repeated since what I experienced at Itarsi KVs is many teachers have yet to do it. Coincidentally, it is those teachers whose results have been very bad.
02. Remedial classes have been started; however, not much in organized way, i.e. with proper schedule drawn up which may include time before and after school hours daily, Saturdays, Sundays and other holidays as far as possible, its intimation given to all concerned, reporting time to school for teachers and students concerned, proper follow up and monitoring. You, as principal, may report earlier than them.
03. The services of contractual teacher appointed at KV, No. 1 OF Itarsi may be utilized for the XII class children of KV, No. 2 CPE Itarsi with immediate effect. The Principals of these KVs may work out and implement, as suggested on the spot. Others may explore such options, too.
04. All of you and your PGTs may liaise with the teachers who produced outstanding results for the last year and implement what they have to say. The list is enclosed.
05. Ensure that you create a work environment where staff and students feel valued, encourage them to do their best in academics. Then you have the making of successful school.
06. The Vidyalaya apparatus like xerox machines, computers, printers, phones, projection screens, OHP, cyclostyling machines, etc. made available as aids to teaching learning process must always be kept in perfect functional state. The non-functioning of apparatus, if any, may be attended to on top priority, and ensure no connected complaint/grievance in this regard is left unattended.
07. The quote I AM A WINNER. SUCCESS FOLLOWS ME may better be understood before explaining it to your teachers and students. It is a scientific fact. PGT (Bio) can help.

The momentum built may kindly continue till target of 100% quality pass result is achieved.

Kindly share with your teachers (one copy to each).

Please acknowledge immediately.

Yours sincerely,

(ISAMPAL)

The Principal
All Kendriya Vidyalayas
Bhopal Region

Copy to the Assistant Commissioners, KVS, Regional Office, Bhopal for information and necessary action. They are advised to speed up with their efforts, talents and strengths toward 100% quality pass result, which is their target. They may complete the first round of inspection (preferably panel) before September end positively. Please act and report.
